

## Guiding Mosaic, Canada - 8–17 July 2010

Report by Kathryn

"I really enjoyed going to this international jamboree GM2010, I was lucky enough to travel with a group of great people and I got to do a lot while I was away. I got the chance to meet new people half way around the world that I share the same interests with and I was proud to represent New Zealand.

We went to Niagara Falls, to the CN tower in Toronto while on camp. Then travelled to Vancouver where we went to grouse mountain, we even had enough time before coming home for four and a half days of nonstop fun at Disney land and Knotsberry farm in LA. I was home stayed with welcoming families that were very happy to have a New Zealander stay with them.

It was an amazing trip that was worth spending one and a half years savings for and I would recommend anyone who is involved in guiding to attend an international jamboree! "
