

## **Guiding Mosaic 2010, Canada, 1-24 July 2010**

**Carolyn's report** - "Camping in Canada makes me appreciate the benefits of camping at home, no wildlife to worry about, tame mosquitos and weather I know how to read and manage. But despite the challenges thrown at you when attending an event in another country, the sisterhood of Guiding is a wonderful thing. I was humbled by the hospitality received before camp and the friendships made will last a lifetime. I traveled over 10,000 to meet people just like me, passionate about Guiding enabling girls and young women to reach their full potential and make a difference in the world."

**Joyah's report** - "I had such an amazing time while I was in Canada and America. I made great friends where ever I went and always had someone to talk to. I enjoyed all the cultural and sightseeing experiences I got to participate in. The jamboree I went to ( GM 2010) offered a lot of enjoyable activities and was a great way to meet new people and make more new friends. I really appreciate all the effort that Girl Guiding New Zealand put in for me to have such an amazing time."
